

U.S. STRUCTURED CABLING SYSTEM COPPER CABLE FORECAST

New report forecasts and analyzes the future of copper cables in the SCS market.

The study provides quantitative data on the following:

- How large will the shielded cable market be compared to UTP cables?
- Cat 6 versus Cat 6a — what will be the larger market in the future?

SAMPLE FIGURE FROM THE REPORT:

Study details:

- All cable forecasts include both value and volume
- UTP cable shipments by category
- Shielded twisted pair — current & future usages; emergence of Cat 7 & Cat 7a shielded cables — how large is the market in 5 years?
- Coax cables — Where do they fit in the SCS market?

Five-year forecasts to 2016 include:

- UTP and shielded cables by plenum & non-plenum — by categories
- Coax cable by plenum & non plenum & cable types
- Future technology outlook — examines copper cable beyond 100 Gbps; 400 & 1000 Gbps.

Introduction

Copper Cables in Structured Cabling Systems
Study Objectives
Methodology/Sources
General Notes

Chapter 2

Executive Summary

Copper Cable Evolution
Copper Cable Usages
Copper Cable Market Poised for 20.8% Growth
UTP Cables Expected to Dominate
Future High-Performance Copper Cables

Chapter 3

Copper Cable Types

Historic Perspective
UTP Copper Cable Emerge
Copper UTP Cable Current Usages
Copper UTP Cable Future Usages
Shielded Copper Cable Current Usages
Shielded Copper Cable Future Usages
Coax Cable Current Usages
Coax Cable Future Usages

Chapter 4

UTP Copper Cables

UTP Cable/Ethernet Evolution
UTP Cable Categories
Future UTP Cable Requirements

Chapter 5

Shielded Copper Cables

Shielded Cables Evolution
Shielded Cable Types
F/UTP Shielded Cables
U/FTP Shielded Cables
S/FTP Shielded Cables
Current Usage of Shielded Cables
Future Usage of Shielded Cables

Chapter 6

Coaxial Copper Cables

Coax Cable Evolution
Type of Coax Cables
Coax Cable Current Usages
Coax Cable Future Usages

Chapter 7

Product/Technology Developments

40/100 Gbps Over UTP Cables
400/1000 Gbps Ethernet
Cat 7/Cat 7a Cables Evolution
Cat 6a Reduced Diameter Cables
